

The Program

All About Spelling is a step-by-step multisensory program created to take the struggle out of spelling, whether a parent is just beginning to teach a child to spell or if a child needs remedial help.

Children learn to spell quickly with *All About Spelling's* specially sequenced lessons and fun, creative activities. This award-winning program has helped tens of thousands of children learn to spell, including those with special needs.

Features

A Seven-Level Program: *All About Spelling* is a seven-level program that starts in Level 1 with the very basics of learning to spell. By Level 7, students will be spelling at the high school level.

Multisensory: Every lesson in every level combines sight, sound, and touch so children are actively engaged and learning with a variety of hands-on activities.

Scripted Step-by-step Lessons: The daily lesson plans are clear, concise, and easy to follow.

Reinforcement Activities: Children learn one new concept at a time and review it in a variety of interesting ways until it is mastered.

Mastery-Based, Customizable Lessons: Every student can learn at his own pace, advancing as he masters each lesson and level.

Research-Based: *All About Spelling* combines the very best of the Orton-Gillingham approach with the latest research and proven spelling rules.

A Complete Program: There will be no gaps or holes in a child's spelling education. Students learn all the proven, reliable rules and easy tips.

Lifetime Support: The program offers lifetime support by phone and e-mail.

One-Year Guarantee: Satisfaction is guaranteed, no questions asked.

Benefits

- Stress-free teaching
- Confidence that a child will learn to spell
- Children happily engaged in the process of learning to spell
- Children who feel successful because they have mastered spelling
